TEACHING EXPERIENCE

Intern - Rose Creek Elementary School

Riverton, UT

Aug 20xx – Jun 20xx

- Differentiated for 22 students at various learning levels through leveled text, vocabulary instruction, varying assignment length or complexity, flexible grouping, and provided personalized feedback
- Integrated music and art into math, social studies, literacy, and science lessons
- Frequently collaborated with 4 team members to develop common assessments in math and literacy, analyze data in MasteryConnect, and form response-to-instruction groups across classrooms in grade level
- Facilitated student use of technology and analyzed results for future instruction in math, science, and literacy with IXL, XtraMath, Utah Compose, i-Ready, and student-led research projects
- Attended professional development on comprehensive mathematics instruction, engagement strategies, and science instruction and implemented them in lesson plans and classroom routines
- Communicated classroom events and student needs with parents through weekly newsletters, Remind app, and email
- Directed 125 students in a musical, helped teach parts and practice scripts with students
- Collaborated with resource personnel, school guidance counselor, administration, and parents to develop accommodations in an IEP
- Created and implemented different behavior plans for 4 students to improve motivation, compliance, and on-task behavior

Student Teacher - Riverside Elementary School

West Jordan, UT

Nov 20xx

- Implemented state core requirements and delivered instruction in a dual language immersion classroom, including shared reading, writing, and guided reading
- Provided accommodations during instruction for 26 English language learners, including visuals, sentence frames, word banks, & personalized vocabulary instruction
- Collaborated with dual language immersion teachers to create and implement accommodations for specific students
